

# Extracorporeal Shock Wave Therapy Master Course (Daegu-Gyeongbuk Region)

Swiss DolorClast® Academy with Dr.Jae-man Lee & Dr.Gwan-ho Kim

## INVITATION

Swiss DolorClast® Academy is EMS' educational platform and professional education program for ESWT users. It provides leading extracorporeal shock wave training programs worldwide to disseminate knowledge about ESWT and optimize treatment outcomes. Huwellex Inc. regularly holds training for professionals in the Daegu and Gyeongbuk region with Shinseong Medical. As a hands-on, in-depth course following the last training, we would like to share treatment know-how, exercise, and stretching to enhance the effectiveness of ESWT.

Customized training is the key to successful therapy.
